

We are hiring

Graphic Designer UI/UX/SX

(m / w / d)

We are searching for a talented graphic designer in the field of Space Experience Design. As part of our design team you will work very closely together with the concept- and exhibition design team to create unforgettable experiences. You will be involved in the ideation, concept design, detail design and implementation of our projects. If you are ready for your next challenge and you enjoy working on the interface of architecture, communication design and digital media – then get on your mission with us!

Your tasks

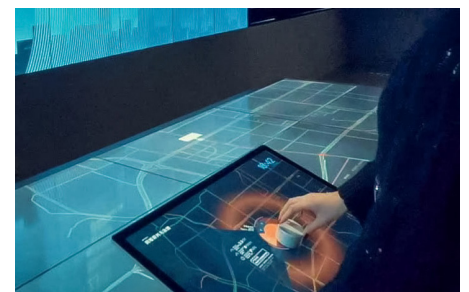

- Conception, design and development of novel interactive user and visitor experiences for demanding projects in the fields of architecture, interior design, exhibitions, trade fairs, events, showrooms, interactive exhibits, digital applications and media installations
- Graphic Design in all dimensions: 2D, 3D, 4D and interactive
- Translation of an idea into a visually convincing language
- Development of user stories, UX scenarios, flow charts, wireframes, graphical user interface (GUI), style frames
- Design of digital surfaces, textures and animations for further use in 3D environments and as a template for programming and/or film/media production
- Interdisciplinary cooperation with the project team

Your competencies

- University degree in Communication Design, Interaction Design or Media Design with focus on Digital Media/ Interface Design or comparable education
- 3-year professional experience in Graphic Design or Interaction Design, communication in space, media scenography, interactive exhibits or film
- Distinct feel for Graphic Design in every dimension: 2D, 3D, 4D and interactive
- Outstanding conceptual and design skills. Self-organisation & teamplay
- Affinity to digital media, innovative techniques and basic understanding of development environments and media hardware
- Feeling for dynamics, rhythm, colour, typeface & space design
- Knowledge of programs such as Adobe CS & After Effects. Experience with common design & prototyping tools
- Very good communication, documentation and presentation skills in English (German would be a great add on)

Your future

- Look forward to a great, professional and international team
- Feel welcome in a spacious office loft directly at the Main river with a relaxed working atmosphere
- Work across borders with our team in Shanghai & Shenzhen
- Get to know new cultures: in contact with customers and partners in our international projects in Europe, the Middle East and Asia (e.g. Thailand, China, South Korea, Middle East)
- Be part of the VAVE Academy and develop your professional and personal skills
- Take advantage of external training opportunities and develop your talent with possible expansion of tasks
- Benefit from your great creative freedom at VAVE
- Take advantage of flexible working time models and a good work-life balance (home office option, create your day around core working hours)
- Look forward to an intensive training period for your new role

If you are looking for a responsible job and you are interested in a long-term position in a constantly growing company, we look forward to receiving your detailed application, including your salary expectations and your possible earliest starting date.

We look forward to receiving your application incl. portfolio on careers@vave.studio

Please note: send your application in one pdf file with max 15 MB

Starting date: as soon as possible
